

MEET BOOKY CALL, **YOUR NEW MATCHMAKER**

Booky Call takes the best of dating apps and applies those features to finding your next great read. We're a little biased, but we think Booky Call works even better than dating apps because you'll never be waiting for a book to text you back. No ghosting – unless you're into spooky stories! Our writers have constructed profiles for our books as if they were dating prospects, so you can form your own opinions on each one before they slide into your DMs with purchasing options. Reading one-sided reviews from strangers and bots just doesn't get the job done. Booky Call is a sure thing.
